Double lifetime registered limited warranty

AMCRAFT SIDING, SOFFIT AND ACCESSORIES

Lifetime Non-Prorated Limited Warranty
Lifetime Transferable Feature
Vinyl Products And Replacement Labor

If any part or portion of our siding fails to perform as a result of manufacturing defects, the manufacturer warrants exclusively to:

_____

Names of Original Property Owners who are the Buyers of the Product

_____

Street Address | City | State | Zip Code

This warranty commences on:

_____

Date of Completed Installation

WARRANTY COVERAGE: Subject to the terms and conditions of this warranty, the defects covered under this warranty will be repaired or replaced (at manufacturer's sole option), including costs of labor and material. All claims under this warranty must be made in writing to Amcraft within 30 days after the defect is discovered. All claims shall be subject to independent verification by Amcraft that the claim is covered by this warranty and that all terms and conditions have been met.

A. Warranty Period-Transferability. Except as noted in paragraph C of this section, this warranty will remain in effect during your lifetime as long as you are the owner of the Property. This warranty may be transferred once by you but only to the person(s) to whom you sell or otherwise transfer the property ("Subsequent Owner"). The Subsequent Owner may not thereafter transfer the warranty to any future owner of the property or any other person. This warranty shall only be valid with respect to the Subsequent Owner if Amcraft receives (1) a written notice of the transfer of the warranty within thirty (30) days of the transfer of the property, and (2) a completed Application for Transfer of Warranty (which is attached to this warranty) that has been signed by both you and the Subsequent Owner. Upon proper transfer of the warranty to the Subsequent Owner, the warranty shall be effective during the lifetime of the Subsequent Owner. Failure to register the attached Application for Transfer of Warranty shall result in termination of this warranty and Amcraft shall have no further obligation under this warranty.

№ 00000

B. Product Defects. Amcraft Building Products Co., Inc. ("Amcraft") vinyl siding and vinyl soffit manufacturer warrants to the original purchaser (referred to "you" and "your") that Amcraft's vinyl siding and soffit products will be free from manufacturing defects which result in peeling, flaking, chipping, splitting, blistering or Uneven Weathering. "Uneven Weathering", such as "checker boarding", means uneven or non-uniform change in the color of continuous elements of siding and soffit under Normal Weathering. "Normal Weathering" is defined as exposure to ultraviolet (sun) light and other natural radiation, extremes of climatic temperature, and all other weather and atmospheric conditions which may cause any colored or painted surface to fade, darken or chalk. The severity of color changes due to Normal Weathering conditions may depend on air quality, the geographic location of your home, and other factors beyond Amcraft's control.

IMPORTANT: Except for Uneven Weathering, and except as permitted in paragraph C below, any color changes which result from Normal Weathering are not covered by this warranty, including without limitation, uniform fading due to Normal Weathering and non-uniform color changes resulting from unequal exposure to sunlight and other Normal Weathering. Also, color changes resulting from other non-natural conditions or elements are not covered under this warranty. Furthermore, as the Products are made of vinyl instead of metal, they will not rust (this warranty does not cover discoloration of Amcraft products caused by rusting of metal products or materials used on your home). The Amcraft products will not conduct electricity and therefore do not require grounding.

NOTE: Amcraft, at its own discretion, shall determine whether the siding is suffering from normal weathering. This conclusion shall be based on whether the siding evidences a change in color in excess of the designated Hunter Units as calculated according to ASTM D2244. (Refer to color protection chart for details.)

C. Commercial Use Warranty Period-Transferability. The lifetime coverage provided by this warranty is extended to cover individual person(s) who are homeowners and does not extend to Products purchased or installed upon property owned by other entities, including without limitation, corporations, partnerships, trusts, estates, governmental agencies or bodies, religious organizations, schools, condominiums, co-operative housing arrangements, or installed on apartment buildings or any other multi-housing units not used by individual homeowners. For entities or persons to which the lifetime coverage does not extend, the warranty period shall be fifty (50) years following installation of the Products, and is transferable to 50 years from the date of original installation.

D. Hail Damage Coverage. In the event of hail damage, the homeowner should report the damage to his or her homeowner's insurance carrier and pursue coverage under any homeowner's insurance policy. To the extent such hail damaged products are not covered by insurance, Amcraft will provide replacement of the damaged part or portion of the hail damaged products. Amcraft's sole obligation under this limited coverage is to provide replacement of hail damaged products. (Amcraft will cover any costs of product and labor not covered by homeowner's insurance.)

REGISTRATION OF WARRANTY: This warranty becomes valid only after the attached certification of installation is completed by the Dealer, signed by the original purchaser of the Products and mailed to Amcraft within thirty (30) days of the completion of installation.

OBTAINING PERFORMANCE ON THIS WARRANTY: Should you feel that Products contain manufacturing defects which are covered under this warranty, promptly write to:

Customer Service Department • Amcraft Building Products • 1195 Prince Hall Drive • Beloit, Wisconsin 53511

Describe the claimed defect and provide proof of ownership of the Property. Do not undertake repair work without receiving written authorization and instruction from Amcraft, as improper or unauthorized repair work may aggravate the problem and will void this warranty. Upon receipt of your letter, Amcraft will notify you of evidence you will need to support your claim. Should Amcraft determine that your claim is valid and covered by this warranty, the defective part or parts will be replaced at no cost to the original purchaser or Subsequent Owner.

Amcraft reserves the right, without giving notice to the original purchaser or Subsequent Owner, to discontinue or change any of its vinyl products, including, without limitation, colors, styles and individual features or specifications of any product. Should a product covered by this warranty be unavailable, or if a product has been discontinued or changed in any manner, Amcraft will attempt to repair or replace the defective part(s) with products which match those purchased by the original owner. In the event of such discontinuance or change, Amcraft reserves the right to substitute a product that is of equal quality or price, at Amcraft's sole discretion. Except as set forth herein, Amcraft shall not be liable to the original purchaser or Subsequent Owner for any mismatch in style, color or any other changed or discontinued feature or specification of any product.

In lieu of repair, restoration or replacement, Amcraft reserves the right to refund that amount paid by the original owner or the Dealer (as applicable) for the Products together with the cost of the installation by a party other than the original owner.

EXCLUSIONS AND LIMITATIONS: Amcraft shall not be liable for and this warranty does not apply or extend to any failure, defects or damages arising from or connected with the misuse, neglect, faulty or improper installation, owner failure to provide reasonable and necessary maintenance to prevent an accumulation of surface dirt, staining or mildew, defects, failure of or damages to walls, surfaces or structures to which Products are applied arising from settlement, distortion, movement, or cracking thereof, earthquakes, hurricane, tornado, cyclone, gale, lightning, fire, flood and Acts of God, accidental or intentional damage, vandalism, and all other causes beyond the manufacturer's control. (Please see care and maintenance instructions included in this warranty kit.)

THE EXPRESS WARRANTIES AND REPRESENTATIONS MADE IN THIS WARRANTY ARE MADE IN LIEU OF ANY AND ALL OTHER REPRESENTATIONS AND WARRANTIES. THE REMEDIES SET FORTH HEREIN ARE YOUR EXCLUSIVE REMEDIES FOR THE BREACH OF ANY REPRESENTATION OR WARRANTY REGARDING THE AMCRAFT PRODUCTS. YOUR SOLE REMEDY FOR BREACH OF THE REPRESENTATIONS AND WARRANTIES, TO THE EXCLUSION OF ALL OTHER REMEDIES THEREFORE, WILL BE REPAIR OR REPLACEMENT OF THE PRODUCT AT AMCRAFT'S SOLE OPTION.

EXCEPT FOR THE REPRESENTATIONS AND WARRANTIES MADE HEREIN, AMCRAFT MAKES NO OTHER REPRESENTATION OR WARRANTY, EXPRESS OR IMPLIED, REGARDING THE PRODUCTS, THEIR USE, APPEARANCE, CONDITION, DURABILITY OR INSTALLATION, AND AMCRAFT DISCLAIMS ANY AND ALL OTHER CONDITIONS, REPRESENTATIONS AND WARRANTIES (EXPRESS OR IMPLIED, ORAL OR WRITTEN), WITH RESPECT TO THE PRODUCT OR ANY PART THEREOF, INCLUDING ANY AND ALL IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY, FITNESS OR SUITABILITY FOR ANY PURPOSE OR A PARTICULAR PURPOSE (WHETHER OR NOT AMCRAFT KNOWS, HAS REASON TO KNOW, HAS BEEN ADVISED, OR IS OTHERWISE IN FACT AWARE OF ANY SUCH PURPOSE), WHETHER ALLEGED TO ARISE BY LAW, BY REASON OF CUSTOM OR USAGE IN THE TRADE, OR BY COURSE OF DEALING. IN ADDITION, AMCRAFT EXPRESSLY DISCLAIMS ANY WARRANTY OR REPRESENTATION TO ANY PERSON OTHER THAN THE ORIGINAL OWNER AND THE SUBSEQUENT OWNER WITH RESPECT TO THE PRODUCTS OR ANY PART THEREOF.

UNDER NO CIRCUMSTANCE SHALL AMCRAFT BE LIABLE TO YOU NOR ANY OTHER PERSON (NOR TO ANY PERSON CLAIMING RIGHTS DERIVED FROM YOU) FOR INCIDENTAL, CONSEQUENTIAL, SPECIAL, PUNITIVE, OR EXEMPLARY DAMAGES OF ANY KIND, INCLUDING WITHOUT LIMITATION, LOST PROFITS, LOSS OF BUSINESS, LOSS, DAMAGE OR INJURY TO PERSON OR PROPERTY, AS A RESULT OF BREACH OF ANY WARRANTY OR OTHER TERM OF THIS AGREEMENT, REGARDLESS OF WHETHER AMCRAFT WAS ADVISED, HAD OTHER REASON TO KNOW, OR IN FACT KNEW OF THE POSSIBILITY THEREOF.

Some states do not allow exclusion or limitation on certain warranties, so the limitations contained herein may not apply to you. Some states do not allow the exclusion or limitation on consequential or incidental or special damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights. You may also have other rights which vary from state to state.

How To Care For Your Amcraft Solid Vinyl Siding

In most cases, rainfall may appear sufficient to keep your siding clean; however, dirt will accumulate under eaves, porches, awnings and overhangs that have little exposure to the natural washing effect of rainfall. Please use the following recommendations for cleaning your Amcraft siding:

1. Moderate Atmospheric Dirt - An annual washing with clear water using a garden hose and soft-bristled brush is recommended.
2. Heavy Industrial Atmospheric Dirt - Same as the manner indicated above but using the following solution:

   a) 1/3 cup detergent (Tide for example)
   b) 2/3 cup trisodium phosphate (Soilax for example)
   c) 1 gallon water

3. Mildew Accumulation - Mildew can collect on surfaces of all types of building products and is often evident on surfaces that have not been properly cared for and maintained. Normally, mildew will appear as black spots. Mildew is easy to remove by using the cleaning solution above with the addition of sodium hypochlorite as follows:

   a) 1/3 cup detergent (Tide for example)
   b) 2/3 cup trisodium phosphate (Soilax for example)
   c) 1 quart sodium hypochlorite 5% solution (Chlorox for example)
   d) 3 quarts water

4. Caulking Compounds, Tar and Similar Substances - Use mineral spirits in reasonable amounts and apply directly to the foreign substances. Immediately after cleaning, rinse the area thoroughly with water.
5. CAUTION: Do not exceed the recommended concentration of cleaners. To do so can cause damage to the products' surface. Avoid skin and eye contact with the solution and in all cases follow manufacturer's instruction for use of cleaning compounds and solutions. Avoid use of abrasive type cleaners and strong solvents. Test any cleaner on an inconspicuous area before applying to major areas. To minimize streaking, always clean from the bottom to the top and follow with a rinsing of clear water. Excessive scrubbing is unnecessary, can be harmful to the products and may cause undesirable glossy areas over the finish.

   Important fire safety information: Rigid vinyl siding is made from organic materials and will melt or burn when exposed to a significant source of flame or heat. Building owners, occupants and outside maintenance personnel should always take normal precautions to keep sources of harsh chemicals and cleaners, fire, such as barbecues, and combustible materials, such as dry leaves, mulch and trash, away from vinyl siding.

Double lifetime registered

LIMITED WARRANTY

Congratulations on choosing Amcraft products. Through extensive research and development, quality assurance and computerized manufacturing, we have total confidence that our vinyl products are completely free of any manufacturer defects. Our products are backed by one of the strongest warranties in the industry.

- If the products are defective, we will repair or replace them, labor included.
- The products are covered for as long as you live and continue to own the home.
- If you sell your house, the new owner is covered for another lifetime from the date of purchase by the new owner.

Amcraft's double lifetime registered warranty certifies our commitment to total customer satisfaction.

color LOCK TECHNOLOGY SYSTEM

Based on Amcraft's ColorLock Protection Coverage, if our products fail to hold their color and fade beyond the Hunter Units listed in the chart below, we will replace them, labor included.
